Early this morning the enemy artillery developed great activity in the front extending from La Bassee canal to south of Arrmentieres.

BRITISH PARLIAMENT FACES BIG ISSUES

LONDON, April 9.—Parliament re-assembled today after the Easter recess with two questions of great importance upon its hands. The first is the new military service bill which raises the age limit eight years and makes those born after a fixed date in the spring of 1867 liable to bear arms. The second is another and what promises to be a strong attempt to deal with the ancient and always contentious problem of government for Ireland. Both issues have been thrust upon Parliament during the brief recess, the first by the desperate German attacks in France which demand all the men the Allies can muster as quickly as they can be put in the field and the second by the conclusion of the Irish convention and the rendering of its reports which Premier Lloyd George promised would be followed by legislation.

FINNS COMING UNDER GERMAN CONTROL.

MOSCOW, April 9.—German assistance of the government forces in Finland is a part of a plan to gain control of Northern Russia and cut the interior of European Russia from the Arctic and Baltic. This is the view of the Finnish situation of Oscar Tokoi, former premier of Finland and a commissioner for the Finnish rebel government. M. Tokoi has made the following statement:—

"Germany is rapidly investing Finland and plans to take control there. Just as in the Ukraine and then move with the White Guards upon Russia's northern port, thus cutting Russia off from the Arctic and the Baltic. Thirty German warships, transports and supply ships participated in the movement on Hango on April 3 and about 12,000 troops, some cavalry and motor transports were landed."

LOYALTY LEAGUE TO BE FORMED IN CONNELLVILLE

Meeting Called For Friday Evening in High School Auditorium.

TO SUPPRESS DISLOYAL

Public is invited to attend the Conference and Participate in the Discussion; Many Here Give Comfort to the Enemy, is Charge Made.

Suppression of seditious acts and utterances and the suppression, if necessary, of anti-Americans of whatever birth, is the object of the Loyalty League of Connellsville which is to be formed at a meeting called for Friday evening of this week, at 8 o'clock, in the high school auditorium. According to reports there are some "poets" of anti-Americans in the city and it is expected the league will assume the task of seeing that their activities are ended. Circulars sent out today are self-explanatory. They read:—

"The undersigned will be glad to have you and all other good American citizens attend a meeting in the new high school auditorium, Friday evening, April 10, 1915, at 8 o'clock, for the purpose of organizing the Loyalty League of Connellsville, whose object and purpose will be the suppression of seditious acts and utterances, and whenever necessary, the suppression of anti-Americans, wherever born."

"This will be an open meeting. You and your friends are not only wanted in this important work but it is our bounden duty to show our hands now. There are entirely too many persons in and about Connellsville giving aid and comfort to our enemies, either by withholding their endorsement of our common cause, or refusing to assist in winning this war. If there be enemies among us, let's list them today for present and future use. We must not feed or support our enemies at home or abroad. Come to the meeting prepared to take part."

The call is signed by Mayor John Duggan, Rev. J. L. Proudt, Joseph J. Thompson, John L. Gans, Captain Lloyd Johnston, Joseph B. Ebbard, W. D. McGinnis, Samuel R. Cox, Samuel T. Irwin, Elmer R. McNutt, John A. Kessler, Thomas R. Cunningham, Russell Vaughn, Salvatore Desmonde, W. E. DeBolt and R. S. Cooper.

Plane Makes Non-stop Flight To England From U. S., Rumor

By Associated Press.

LONDON, April 9.—All London was talking about the latest war rumor, the landing in England last night of an American airplane after a non-stop flight from New York with 12 passengers. The authorities declared there was no basis for the story, but this denial serves merely to give it additional currency.

According to the popular version this was "the big surprise" which Premier Lloyd George said last week that the Americans would soon give the Germans.

Explores the Eternal City and Visits Many Interesting Places.

WINS THE ITALIAN EAGLE

The beauties and wonders of Italy, as they appeal to keenly observing Americans, are very interestingly described by Ben C. ("Casey") Jones in a letter written to his mother, Mrs. B. F. Jones of East Cedar avenue, from an aviation instruction center in southern Italy. The letter bears the date of February 15 and is as follows:—

"Probably you think I am lost, but after roaming around in France for three months I am at last in sunshine down here. During my trip I could only drop a card.

"First, I must tell you something of our wonderful trip. Just a brief outline as you know I could write for ages about the many interesting experiences and sights. We left our former camp in France, traveling first-class, which aviators and officers only enjoy over here. Our route led north and then south and then through the Alps until we crossed the border into Italy. That section of France was wonderful. We were allowed stop-over privileges at all large cities and places of interest. Coming

CONNELLVILLE'S LIBERTY LOAN DRIVE TO BE PLANNED AT MEETING THIS EVENING

DAVIDSON AVENUE PETITIONERS PRESS CLAIMS IN COUNCIL

Frank R. Graham Champions Cause of Those Wanting Paving, S. S. Snader Those Opposed.

The matter of improving Davidson avenue was again brought before council at a meeting held last night, when Frank R. Graham appeared to urge the paving and S. S. Snader presented a petition signed by property holders who do not wish to pay for paving at the present time.

Graham and the residents of Chestnut and Oak street are in favor of a finished paved street in preference to only a graded one with a temporary base. On the other hand S. S. Snader and his petitioners ask that no work be done beyond the laying of a base.

Graham told the council that every load of coal which has gone up Davidson avenue in the past two years has cost from \$1 to \$1.50 more than it should had it not had to go up that street.

"About the only thing that has not gone up in price is what you propose to leave off," declared Graham. "I've looked into this matter thoroughly and inquired about the price of bricks."

"We people who live out that way are getting to the point where we are desperate," said Mr. Graham with much emphasis. "You too, Snader, if you lived there, you'd be the same way."

"I'm in favor of improvement but I don't want to go the limit," was Snader's reply.

Graham showed that his petition for a paved street, or concrete, either of which council might decide on, was signed by persons holding 2,500 feet of property, as compared with 1,800 on Snader's petition.

Prices on paving and base material will be secured this week and the matter again brought up next council meeting.

BIG STAKES PROPOSED

Cochran Asks Members of Lake Erie Circuit to Give \$1,000 Each.

Harry Cochran, secretary of the Dawson Fair Association, has proposed to the other members of the Lake Erie circuit that each give a \$1,000 stake race at their meetings next fall. It has been proposed that the classes be made up for the slow trotters, as this would bring many horses into the circuit that otherwise would be thrown out of training and laid up until next year. The big idea is to get the man with a fair trotter to enter the events and race his horse, as the public is not at all concerned whether the time is sensational over a half mile track as long as there are red-hot contests with plenty of neck-and-neck finishes and the result in doubt until the last few feet of the fifth heat.

Unless present arrangements go astray, the Dawson management is to have a couple of days of its fair and racing meeting perpetuated by having the racing events held.

WHY WOMEN DREAD OLD AGE

Don't worry about old age. Don't worry about being in other people's way when you are getting on in years. Keep your body in good condition and you can be as hale and hearty in your old days as you were when a kid, and every one will be glad to see you. The kidneys and bladder are the passage of waste. Keep them clean and in proper working condition. Drive the poisonous wastes from the system and avoid uric acid accumulations. Take GOLD MEDAL HAARLEM OIL Capsules periodically, and you will find that the system will always be in perfect working order. Your spirits will be revived, your muscles made strong and your face have once more the look of youth and health.

GOOD REPORTS FOR KIDNEY MEDICINE

Back in the eighties I began to sell Dr. Kilmer's Swamp-Root and up to the present time I have never heard any one speak unfavorably of the preparation, but I have heard many speak very highly of it. Some time ago my father took Swamp-Root and derived very good results from its use. I believe Dr. Kilmer's Swamp-Root is a good staple article.

Very truly yours,
GEORGE H. HORNUNG,
Pharmacist.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

"Why It Has Restored My Health So Perfectly That It Seems a Miracle."

"Yes sir, this Tanlac beats anything I have ever before used," declared F. P. Shively, a well known salesman who lives at 1007 Third St., Juniata, Pa.

"I had no idea it was so good. Why, it has restored my health so perfectly that it seems more like a miracle than anything else."

"I had suffered from stomach trouble. My indigestion was all out of sorts. I couldn't eat. Whenever I did try to take anything solid, I would suffer from gas on my stomach and a sickening feeling that lasted for several hours afterward."

"My nerves were also out of gear, and I couldn't sleep sound and restful at night. I would wake up in the morning feeling heavy and languid, and I could scarcely muster up enough energy to get up and dress myself. I seldom ever could eat breakfast."

"After using two bottles of Tanlac my stomach seems in perfect shape. I can eat good and never sleep better in all my life. My weight has been increased three pounds by Tanlac. I simply can't get enough to eat now."

Tanlac is now sold here by the Laughey Drug Co.

THE PARAMOUNT.

"CAPTAIN OF HIS SOUL"—A five part Triangle feature in which William Desmond appears in the leading role, supported by an all star cast, is being shown today. The story has to do with Horace and Henry Boyce, each believing the other to be the murderer of the man who wrecked their father's business. They fall in love with the same girl, who proves to be the daughter of the murdered man. Henry seeing that Horace is the favored son, in a passion of jealous rage denounces him as the murderer, but it develops that neither is the guilty man, and Horace wins his bride. A selected comedy is included. Tomorrow, Monroe Salisbury and Ruth Clifford will appear in "Hungry Eyes," a five-part Bluebird attraction. Thursday, Alice Brady, the charming screen actress will be seen in "The Spurs of Sybil." She will be supported by John Bowers, admired by screen patrons. Friday and Saturday Norma Talmadge will be featured in "The Secret of the Storm Country," one of the biggest photoplay successes in which the celebrated star has ever appeared.

ORPHEUM.

"INTOLERANCE"—Tonight D. W. Griffith's "Intolerance" will make its last appearance at the Orpheum. "Intolerance" has been classed as the wonder of the dramatic world. Not only is it a triumph of dramatic art and staging genius, but it is a marvel of big figures and achievements. As a thrilling, pulsating, three hours of entertainment it takes first rank. From the rise of the curtain until the crashing climax of the final act it holds the spectator in an almost breathless spell of interest and suspense. It has been said that if the average Broadway success is worth two dollars, then "Intolerance" is worth ten. But Mr. Griffith doesn't charge what the play is worth, rather he has scaled the prices so that it is within the means of everybody to attend either an afternoon or evening performance. The present opportunity is the only one that local theatre goers will get to see the work for so great is the demand for it by other cities that no return dates will be played this season.

THE SOISSON.

"THE MINISTER'S WIFE"—As shown by the Chester Bishop Players at the Soisson yesterday proved to be the best liked of the three plays shown by this excellent company and it is plain to be seen why this comedy met with such success when played on the road by Mildred Holland, for whom the piece was written. Margaret Strayer Jones, who wrote the play, has woven into her story the sensational elements of comedy, dramatic situations and heart interest. The play seems exceptionally well adapted for use by stock companies, as all of the parts are good ones. The entire strength of the Chester Bishop Players has not been called upon to better advantage. Mr. Bishop is creating new friends by the score for his excellent rendition of the part of the country minister. Virginia Duncan plays very naturally the part of Avis Merrill, created by Mildred Holland. Helen Aubrey, Ethel June and

THOUSANDS OF KNITTED ARTICLES TURNED OUT BY RED CROSS, REPORT SHOWS

That members of the Connelville Chapter of the Red Cross and its auxiliaries, Dunbar, Pennsylv., Vanderbilt and Ohio, have been doing splendid work is shown by the large number of knitted articles shipped to Red Cross headquarters.

From September 1, last, to April 1, the number of knitted articles shipped is as follows: Sweaters, 1,012; socks, 630 pairs; wristlets, 696 pairs; mufflers, 296; trench caps, 52.

During the month of March the following articles were knitted: Sweaters, 290; socks, 170 pairs; wristlets, 173 pairs; mufflers, 12. Donating to this shipment were: Mrs. J. C. Stauffer, \$2; Philip Freeman Chapter Daughters of the Revolution, two sweaters; Mrs. W. L. Wright, one

sweater; Virginia Miller, two pairs of wristlets; Mrs. Anna Neff, Atlas Pearl Oliver, Mrs. Connelough, each one pair of wristlets; Mrs. Mary Dunlop, 97 years old, knit a sweater and donated a muffler which she also knit. The ladies of the First Presbyterian church donated two ambulance robes, and the Star class of the Methodist Protestant Sunday school, of which Mrs. Jones is teacher, one.

An urgent appeal is sent out for good wool socks which are essential to the soldiers in trenches and to meet the needs of all who can knit socks should produce as many pairs as possible. For those who wish to learn instructions are given every Wednesday at the Red Cross headquarters.

Will LaRise have three fine comedy parts which they play very well. Fred Barron gave a splendid performance of the "old deacon," a part well suited to him. The performance as a whole is a delightful one and you cannot go astray by seeing this dandy comedy. Mr. Bishop announced a pink tea on the stage after the Wednesday matinee.

THE ARCADE.

Dubbling over with real rural wit and fun, "Simme" Myers, with the Mercereau's Submarine Girls at the Arcade yesterday kept a fair sized audience in a continuous uproar. He is naturalness itself, and does not over-do his character, a country boy. Many persons said last night that he was the funniest rube actor they have ever seen. The bill was "Election Day in Spilversville," which will rank with the high-class rural farce comedies as it has a nice plot, and is one of the best shows of the kind ever seen in Connelville. None of the characters are overdrawn. Wally Mercereau makes a deacon the type of which is found in any village and his wife makes a modern village belle. George Morse as the storekeeper, is good, as was Billy Powers as the tramp. The latter last night got four encores on his song, "Where the Morning Glories Grow," and Mr. Morse got two encores on his "Continental Show" parody. The Elliott sisters took three encores and a bow on their song and dance. The comedy throughout the show is good, the plot consistent, the costuming and singing fair and it is well mounted in a special country store setting. Charlie Chaplin was on the screen in "Woman," a two reel scream. Both show and picture will be repeated today. The performance was enhanced by the brilliant accompaniment, and piano concert by George Beyer, Ballard, until recently pianist at the Grand Opera House, Pittsburgh. Mr. Ballard will be at the Arcade for the next two weeks.

Time Tables. "Is this train on time?" asked the local passenger. "I don't know just what to say," answered the conductor. "We'll get into the station at four o'clock." "Why, that's when she's due, to the minute." "Yes. But she's exactly 24 hours belated."

A MINERS' REGIMENT IS BEING ORGANIZED FOR DUTY IN FRANCE

In Answer to Gen. Pershing's Call for Men Who Are Specially Skilled.

ENLISTMENT VOLUNTARY

Open to Men 21 to 41 Years of Age and to Draftees Who Are Not Needed to Fill Out Deferred Quotas on Last Draft; Now Being Recruited.

In answer to the call of General Pershing for experienced mine workers to serve in France the government has authorized the organization of a special regiment to be known as the 27th Engineers, or Mining Regiment, National Army which is to be raised by volunteer enlistment. It will consist of six companies of 250 men each, or 1,500 in all.

The regiment is being made up of picked men who have had experience and who have demonstrated their skill in mining work. Those desired include both hand and machine drillers, blasters, trammers, timbermen, masons, tracklayers, pumpmen, hoistmen, blacksmiths, tool sharpeners, electricians, machinists, carpenters, surveyors, timekeepers, cooks, shift bosses, mine foremen and topmen. All men who volunteer for this service will be enlisted as privates, but those who prove qualified will be made non-commissioned officers.

While most of the work will be underground the regiment will be equipped as infantry and trained to fight. The work will consist in tunneling and construction, with plenty of opportunities, no doubt, to do some real fighting.

Men who are between the ages of 21 and 41 years can enlist at the nearest army recruiting station and will be provided with equipment, transportation, and meal allowance and be sent to Camp Meade, Md., the mobilization headquarters of the regiment. Men of the draft age, 21 to 30 years inclusive, can make application to the Commanding Officer, 27th Engineers, Camp Meade, for induction into the service, sending with their application a letter from their local board stating that they are not needed to fill any deferred quotas for the last draft.

The pay of men in this service will be according to the established schedule of the United States Army for service in a foreign country. Privates will receive \$32 per month; first class privates, \$36.60; buglers, \$38; cooks, \$41; wagoners and saddlers, \$40.20; horseholders, \$44; corporals, \$46.80; sergeants, \$51.20; first sergeants, \$56. On the regimental non-commissioned staff, master engineers, senior grade, receive \$86; junior grade, \$84; regimental sergeant major and battalion supply sergeants, \$89.

All enlisted men are furnished with food, clothing and medical attendance according to army standards.

New Wool Dress Goods for Dresses, Suits and Coats

Fashion calls for simple lines. So beauty and distinction must come from the fabric. We had this in mind when choosing our Dress Goods.

Color can lend distinction. So can quality. So can design. If these are wrong, nothing can make the dress right. But they are not wrong here.

No fabric or color is missing that fashion demands. No price is missing for inexpensive or costly wear.

"IT HITS THE SPOT"

Our commercial and civic organizations, our merchants and manufacturers and our religious organizations are trying to build conditions which will make patrons for our city, and one of the greatest problems arising is how to make conditions that will make permanent patrons for the things which our city has to offer. People are not drawn to cities by accident. Something must be there to attract them. So it is in the matter of buying in Connelville. It must be made attractive.

Our people generally recognize that we have one of the best school systems in the state; that we have transportation facilities surpassed by few other towns in the state; that we have very favorable industrial conditions; that we have fine churches with wide awake church societies; that we have cheap electric power and fuel, and desirable labor conditions; that we have a good home town and a real civic spirit, but how many of our people realize that we have home merchants and home industries that are the equal of any and surpassed by none in towns of like size?

Connelville industries cannot produce, neither can Connelville merchants supply all the things that are consumed within the city—but why go elsewhere for what can be furnished right at our door, and if it must be ordered why not have our local merchants order it for you?

The local merchants deserve patronage of local people and The Courier deserves a chance to bid on your job work.

"CASEY" JONES IS REVELING IN THE SIGHTS OF ITALY

Continued from Page One.

Herculean. We did not stay long at Naples. I expect to spend the week end there next week.

"This camp is wonderful, no less so than the meals furnished by the Italian soldiers. Our bill of fare consists of oranges, spaghetti, macaroni and such standard dishes as are common among these people, so I don't need to come to the U. S. A. for a spaghetti supper. We have brick bathtubs, iron beds, sheets and so on.

The weather is fine. Today we are having weather similar to the hot days of July in Pennsylvania. Sometimes I think it must be all a dream, but I always hope I will not awaken from it.

"We fly constantly, except during the extremely hot hours of the day when the air is too 'lumpy.' I expect to pass the test for the Italian Eagle, a beautiful insignia. (A latter letter states that "Casey" has passed this test.)

"I must tell you that while in Rome I stood on the spot where Caesar was killed and saw the places where Marc Anthony and other Romans distinguished themselves in the days of long ago.

"I can hardly wait until I get to doing real work over the lines, as I feel such confidence in myself. I am troubled about clothes, the only thing in wearing apparel I brought from France was heavy wool and, now I am scouring the town for any old light-weight clothes I can find. This town has a population of 80,000 inhabitants, but the sanitary conditions were sadly neglected in building it.

"Our time is near to take a dip to cool off so we have all decided to close our letters and pick some oranges."
